

GIC retiree dental plan handbook

Effective 7/1/2019

Dear retiree,

Please review the handbook carefully and save it for future reference. This handbook is a summary of benefits and does not include all covered services and exclusions. Any given procedure is subject to MetLife's review. If you have any additional questions about your GIC retiree dental plan benefits, please visit www.metlife.com/GIC or call the customer service toll-free number **1-866-292-9990**.

Retiree dental plans offered through the group insurance commission

Group number: 144492

Who can enroll in the GIC retiree dental plan?

All Commonwealth of Massachusetts retirees, survivors of GIC members, retired municipal teachers in the GIC RMT program, and elderly governmental retirees and certain municipal retirees can enroll. Dependents of eligible retirees are eligible if they are covered under the retiree's GIC health plan. If you have questions about whether or not you or your dependents are eligible, please contact the Group Insurance Commission at 617-727-2310. If you have questions about the dental plan benefits, please call MetLife at [1-866-292-9990](tel:1-866-292-9990).

When can you enroll?

You can enroll in the dental plan:

- Upon retirement
- When your COBRA dental coverage ends
- During the GIC's annual enrollment
- When you become a survivor of a GIC member

When can I add my spouse or dependent to my GIC dental plan?

You can add a spouse or dependent, not previously locked out, during annual enrollment or within 60 days of a qualifying event. Acceptable documentation of the qualifying event and the enrollment/change form must be received at the GIC within 60 days of the qualifying event. Qualifying events include:

- Marriage
- Birth
- Adoption
- Court order/judgment
- Spouse's annual enrollment
- Loss of eligibility of Medicaid or CHIP coverage

Retired employees return forms to the GIC. Forms and documentation must be received at the GIC within 60 days of the qualifying event. Documents and forms received after 60 days of the qualifying event will be denied and you must wait until the next annual enrollment to add your spouse/dependent(s) to your coverage.

When does coverage begin?

Coverage begins the first of the month following acceptance by the GIC of a completed and signed enrollment form.

When does coverage end?

Your insurance will end on the earliest of:

- the date the group policy ends;
- the date you cease to be eligible;
- the last day of the calendar month in which premium was paid.

If you drop your dental coverage, you will never be allowed to rejoin the plan. Please see question 5 on page 5 for further details.

Do I need an ID card?

Although an ID card is not necessary, MetLife provides a dental ID card upon enrollment with your group number 144492. If you need a duplicate ID card, please call **1-866-292-9990**.

What happens if my claims exceed the annual maximum of \$1,250?

You are responsible for any charges above the annual maximum. If you use a network dentist, you may continue to benefit from the negotiated fees,¹ even after you exceed the \$1,250 annual plan maximum.

Dental plan features

The GIC dental group number is 144492.

The complete list of covered services with the maximum amounts payable is provided in this handbook.

- The annual benefit maximum is \$1,250 per member, per calendar year.
- Orthodontic coverage is not available under the GIC retiree dental plan.
- Pretreatment estimates are recommended for any treatment that costs more than \$300.²
- There are no individual or family deductibles.

1. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states which prohibit limits on fees for services that a plan does not cover. At the time this handbook was prepared, negotiated fees extended to non-covered services rendered in Massachusetts, but may not be available to other states.

2. MetLife strongly recommends that you have your dentist submit a pretreatment estimate to MetLife if the cost is expected to exceed \$300. When your dentist suggests treatment, have him or her send a claim form, along with the proposed treatment plan and supporting documentation, to MetLife. An Explanation of Benefits (EOB) will be sent to you and the dentist detailing an estimate of what services MetLife will cover and at what payment level. Actual payments may vary from the pretreatment estimate depending upon annual maximums, deductibles, plan frequency limits and other plan provisions at time of payment.

1. Negotiated fees do not apply to non-covered services in states which prohibit limits on fees for services that a plan does not cover. At the time this handbook was prepared, negotiated fees extended to non-covered services rendered in Massachusetts, but may not be available to other states.

Common questions, important answers

What is a participating dentist?

A participating dentist is a general dentist or specialist who accepts a schedule of reduced fees for services rendered to individuals covered under the MetLife preferred dentist program. Negotiated fees typically range from 30–45% below the average fees charged by dentists in your area for the same or substantially similar services.¹

How do I find a participating dentist?

There are thousands of general dentists and specialists to choose from nationwide, so you are sure to find one who meets your needs. You can get a list of these participating dentists and their locations online at www.metlife.com/GIC or call the toll-free number **1-866-292-9990** to have a list faxed or mailed to you.

Does the preferred dentist program offer negotiated fees on non-covered services?

In Massachusetts, the in-network scheduled fees may extend to non-covered services, such as cosmetic dentistry or orthodontia, providing participants with savings on these non-covered services. You will pay the full cost for non-covered services.²

May I choose a non-participating dentist?

Yes. You are always free to select the dentist of your choice. However, if you choose a dentist who does not participate in the MetLife network, your out-of-pocket expenses may be more, since you will be responsible for paying any difference between the dentist's fee and your plan's payment. If you receive services from a participating dentist, you are only responsible for the difference between the in-network fee for the covered service and your plan's payment.

What is an alternate benefit?

Where there are two or more professionally acceptable dental treatments for a dental condition, with both the network dentist and the non-participating dentist, benefits are based on the lowest cost of method of treatment. If you and your dentist agree to the more expensive procedure, you will be liable for the difference between the more expensive procedure and the plan benefit.³

Does this plan cover dental implants?

Yes. The dental plan will cover implants and implant-related services.

Can my dentist apply for the preferred dentist program?

Yes. If your current dentist does not participate in the preferred dentist program and you'd like to encourage him or her to apply to become a network dentist, tell your dentist to visit www.metdental.com or call **1-877-MET-3379** for an application. The website and phone number are designed for use by dental professionals only.

How are claims processed?

Your dentist may submit your claims for you, which helps to reduce your paperwork. You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, you can find one online at www.metlife.com/GIC or request one by calling the toll-free number **1-866-292-9990**.

What happens if I terminate my dental coverage?

If you and/or your dependent enroll in the dental plan and cancel coverage, re-enrollment will be prohibited.

1. Based on internal analysis by MetLife.

2. Negotiated fees do not apply to non-covered services in states which prohibit limits on fees for services that a plan does not cover. At the time this handbook was prepared, negotiated fees extended to non-covered services rendered in Massachusetts. Please contact our customer service toll-free number 1-866-292-9990.

3. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered, and obtain a pretreatment estimate of benefits prior to receiving certain high-cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plan's reimbursement for those services, and your out-of-pocket expense. Actual payments may vary from the pretreatment estimate depending upon annual maximums, plan frequency limits, deductibles and other limits applicable at time of payment.

Services not covered by the plan

We will not pay dental insurance benefits for charges incurred for:

1. Services which are not dentally necessary, those which do not meet generally accepted standards of care for treating the particular dental condition, or which we deem experimental in nature.
2. Services for which you would not be required to pay in the absence of dental insurance.
3. Services or supplies received by you or your dependent before the dental insurance starts for that person.
4. Services which are neither performed nor prescribed by a dentist except for those services of a licensed dental hygienist which are supervised and billed by a dentist and which are for:

 - Fluoride treatments.
5. Services which are primarily cosmetic (for residents of Texas, see notice page section).
6. Services or appliances which restore or alter occlusion or vertical dimension.
7. Restoration of tooth structure damaged by attrition, abrasion or erosion unless caused by disease.
8. Restorations or appliances used for the purpose of periodontal splinting.

10. Personal supplies or devices including, but not limited to water piks, toothbrushes, or dental floss.
11. Decoration or inscription of any tooth, device, appliance, crown or other dental work.
12. Missed appointments.
13. Services:
 - covered under any workers' compensation or occupational disease law;
 - covered under any employer liability law;

- for which the employer of the person receiving such services is not required to pay; or

14. Services covered under other coverage provided by the policyholder.
 15. Temporary or provisional restorations.
 16. Temporary or provisional appliances.

Cancellation/termination of benefits: Coverage is provided under a group insurance policy (Policy form GPNP99) issued by MetLife. Coverage terminates when your membership ceases; when your dental contributions cease; upon termination of the group policy by the policyholder; for non-payment of premium; or, if participation requirements are not met. The following services that are in progress while coverage is in effect will be paid after the coverage ends, if the applicable installment or the treatment is finished within 31 days after individual termination of coverage: completion of a prosthetic device, crown or root canal therapy.
