

## **Snow Removal Information**

### **Storm Drain Cleaning**

There are over 2200 catch basins (storm drains) in the Town, making it almost impossible to clear snow and debris from all of them. We would appreciate it if you could keep the drain in front of your property clean, so it won't cause an ice hazard or puddle on the street.

### **Winter Parking Restrictions**

The Public Works Assistant Director or the Chief of Police, for the purpose of removing or plowing snow, or removing ice, from any way, may remove or cause to be removed any vehicle interfering with such work, and the cost of such removal and of the storage charges, shall be imposed upon the owner of such vehicle.

### **Snow Clearing**

No person shall lay, throw, place or cause to be placed any snow or ice on any town street or sidewalk so as to create a hazardous condition or public safety concern. If after having received notice from a duly authorized agent of the Town that such a condition exists, the owner of the property from which the snow or ice was removed (or his agent having charge thereof) fails to correct the condition within a reasonable amount of time, the owner or agent shall be deemed to be in violation.

### **Town Layout Information**

Nothing damaged by the Town that is constructed, built, or placed on the Town layout will be repaired or replaced, i.e.: mailboxes, fences, stonewalls, etc. Please remove all basketball hoops from the roadway.
