

**WESTWOOD BOARD OF SELECTMEN
LEGAL NOTICE
NOTICE OF PUBLIC HEARING**

2018 MAY 10 P 2:10

The WESTWOOD BOARD OF SELECTMEN will hold a public hearing on Monday, May 21, 2018 at 7:30pm in the Meeting Room at the Police Station, 588 High Street Westwood, MA regarding a petition filed by New Cingular Wireless PCS, L.P. (AT&T) for the location of a small cell wireless antenna, and the necessary sustaining and protecting fixtures, on an existing utility pole in Westwood, Massachusetts, as more particularly shown on the plans.

TOWN CLERK
TOWN OF WESTWOOD

Pole Location

Existing Pole Location: 1 University Ave, Westwood, MA existing Eversource utility pole near I-95 Ramp

Proposed Equipment: Fiber optic cable(s); remote nodes in a small equipment cabinet H32"xW18"xD12" mounted to the pole at least 8' above ground level; an unobtrusive pole top antenna measuring 24.7" long and 10" in diameter; conduits and cable protectors; and an electrical meter with shutoff switch.

Purpose: AT&T's radio frequency engineers targeted the proposed location due to the high traffic and data demands on AT&T's network. AT&T's existing macro cell sites are not providing adequate data capacity in this location due to increased population, vehicular and foot traffic, multiple wireless devices used by each person and other contributing factors. This small cell site will work to offload the demand on the macro sites and allow for increased data capacity and speed within the immediate vicinity of the proposed small cell site.

The plans and petition are available for inspection at the Selectmen's Office or the Town Clerk's Office, both located at 580 High Street, Westwood, Massachusetts 02090
