

Highway

2017 Paving Projects (Completed)

Paving in 2017 included Grove Street, Farm Lane neighborhood, Westfield Street, Wilson Way, and Mill Street.

2018 Paving Projects (Proposed)

Proposed paving includes Stanford Drive; sections of Route 109; Parker and Dean neighborhoods; and the Westchester/Salisbury neighborhoods. Paving is scheduled to begin July 2018, and is subject to change

Snow & Ice

Please see our website for snow and ice policy. In preparation for winter, we ask that you remove all basketball nets off the roadway & continue to help our efforts by following parking bans during snow and ice events.

Complete Streets Award

- Westwood DPW received a grant of \$175,000 for street improvements
- First Department in Massachusetts to receive this award twice!
- Used for improving the intersection at Route 109 and North Street, and sidewalk upgrades from North Street to Stanford Drive

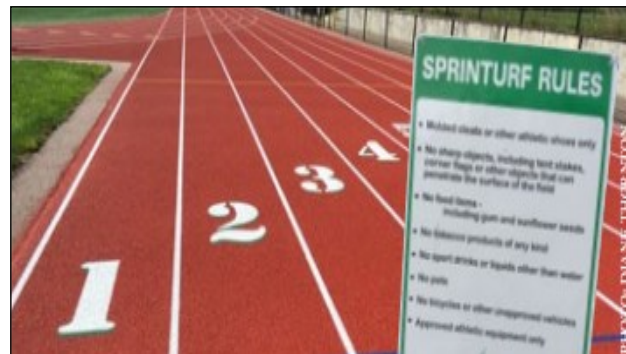

Field and Grounds

Projects

- Work is being done to the field complexes at both the Middle School and High School
- Irrigation installed at the Hanlon and School Street ball fields

New track surface!

The High School track has been resurfaced and is ready for use

Energy Savings

Green Communities

- Green Communities Grant– Town received \$183,136 in grant funding and \$52,000 in Eversource incentives for energy improvements to our buildings and schools
- Projects include a new Building Controls system at Martha Jones School; conversion of the lighting in the High School Hallway to LED; new LED lighting for the town pool and variable speed drives for the pool

Solar Energy

- Solar Panels were installed at Westwood High School, Thurston Middle School, Martha Jones and Downey.
- Expected energy savings of 730,000 kWh per year!
- An interactive kiosk was installed at Westwood HS for students to monitor solar use in Town

Westwood High School Solar Panels
