

Minutes of WEACt meeting - May 11, 2016
7:30 pm Selectmen Room, Town Hall

Present: Maria Costantini*, Claire Galkowski*, Pam Kane*, and Steve Shinopoulos*

Revised by-laws – The Selectman requested some changes - Maria will email Christine to change "Term of Office" to reflect the conversation about a member being allowed to serve more than 2 consecutive terms if there are vacancies on the board. Will also suggested some edits. Also add that the officers will serve 1 year term and will be elected in June.

Solarize Westwood - The deadline for the state program is in June. Peter suggested that we think about moving forward on our own, but there were concerns on how this could be done. For example how would we select a contractor? We need to move quickly because the S Recs will end on 1/8/17. Another proposal to encourage solarizing in Westwood is to have a solar fair in the fall with speakers and contractors. There was support for this and concrete plans will be made at future meetings.

Trash and Recycling - Claire met with Todd, Tish and Brendan - Waste Management will do a spot check sometime this year to audit our trash for contamination - Claire is still advocating for a recycling coordinator - possible add a new recycle drop off at the redesigned facility - possible bin for cardboard at the DPW yard

Recycling Day - was successful - a good flow of people
