

**DECISION OF THE ZONING BOARD OF APPEALS
of the
TOWN OF WESTWOOD**

PROPERTY OWNER(S): Brian & Marie Downey 2019 MAR 11 A 9 27

PETITIONER(S): Marie Downey
20 Beverly Lane
Westwood, MA 02090

TOWN CLERK
TOWN OF WESTWOOD

LAND AFFECTED: 20 Beverly Lane
Westwood, MA 02090
Map 14 Lot 021

HEARING:

The Board of Appeals for the Town of Westwood held a Public Hearing according to the General Laws of the Commonwealth of Massachusetts on Wednesday, February 27, 2019 at 7:00 PM in the EOC/Training Room of the Westwood Police Station, 588 High Street, Westwood, MA 02090 to consider the Petitioners' request for a Special Permit pursuant to Westwood Zoning Bylaw Sections 4.5.3.2.2 and 4.5.3.2.3 [Special Permit Alterations of Nonconforming Structures] to construct an addition that raises the height of the residence in the side setback and includes a porch that encroaches into the front setback. Property is located in the Single Residential C District.

BOARD MEMBERS: David Krumsiek, Chairman
Gregory Donovan
David Belcher

APPLICABLE SECTION OF THE WESTWOOD ZONING BYLAW

4.5 NONCONFORMING USES AND STRUCTURES

4.5.1 Applicability. Nonconforming uses and structures, as defined in Section 2.0 of this Bylaw, may continue. Any alteration of a nonconforming use, or any alteration of a nonconforming structure, shall require authorization in accordance with this section. An alteration of a structure is a modification, structural change, extension, or reconstruction of the structure.

4.5.2 Nonconforming Uses.

4.5.2.1 Permitted Alterations of Nonconforming Uses. A structure that conforms dimensionally to current zoning regulations while its use no longer conforms can be altered without needing a special permit if the Building Commissioner determines that the proposed alteration falls under any of the following circumstances:

4.5.2.1.1 There is no extension or expansion of the exterior of the structure.

4.5.2.1.2 There is no interior expansion that would intensify the use.

4.5.2.1.3 The alteration is made for the purposes of conforming to the building code for health and safety purposes.

4.5.2.2 Special Permit Required for Alteration to Nonconforming Use. The Board of Appeals may grant a special permit to modify, alter or extend a nonconforming use in accordance with this Section only if it determines that such modification, alteration or extension shall not be substantially more detrimental than the existing nonconforming use to the neighborhood and the town. To be considered insubstantial, the Board must find that the proposed use reflects the nature and purpose of the prior use, there is no difference in the quality, character or degree of the proposed use and the proposed use is not different in its effect on the neighborhood.

4.5.3 Nonconforming Structures.

4.5.3.1 Permitted Alterations of Nonconforming Single and Two-Family Residential Structures. Nonconforming single and two-family residential structures may be altered upon a determination by the Building Commissioner that such proposed alteration does not increase the nonconforming nature of said structure. The following circumstances shall be deemed not to increase the nonconforming nature of said structure and may be permitted as of right:

- 4.5.3.1.1 Alteration to a structure which complies with all current setbacks, building coverage and building height requirements but is located on a lot with insufficient lot area, where the alteration will still comply with all of such current requirements.
- 4.5.3.1.2 Alteration to a structure which complies with all current setbacks, building coverage and building height requirements but is located on a lot with insufficient lot frontage, where the alteration will still comply with all such current requirements.
- 4.5.3.1.3 Alteration to a structure which violates one (1) or more required setbacks, where the alteration will now comply with all current setback, yard, building coverage and building height requirements regardless of whether the lot complies with current lot area and lot frontage requirements.
- 4.5.3.1.4 Alteration to a side or face of a structure which violates a required setback, where the alteration will not increase the setback violation, and will comply with building height restrictions, regardless of whether the lot complies with current lot area and lot frontage requirements.
- 4.5.3.1.5 Alteration to a nonconforming structure which will not increase the footprint of the existing structure provided that existing height restrictions of Section 5.0 of this bylaw shall not be exceeded.

4.5.3.2 Special Permit Alterations of Nonconforming Structures. In the event that the Building Commissioner determines that a proposed alteration to a nonconforming structure does not meet the requirements of Section 4.5.3.1, the Board of Appeals may grant a special permit to make alterations to a nonconforming structure in accordance with this Section only if it determines that such alteration does

not substantially increase the nonconforming nature of said structure and would not be substantially more detrimental than the existing nonconforming structure to the neighborhood. The following types of alterations to nonconforming structures may be considered for a special permit by the Board of Appeals:

- 4.5.3.2.1 Horizontal extension of an exterior wall at or along the same nonconforming distance within a required setback as the existing wall, provided that existing height restrictions shall not be exceeded, regardless of whether the lot complies with current lot area and lot frontage requirements.
- 4.5.3.2.2 Vertical extension of an existing exterior wall at or along the same or greater distance from a lot line, provided that the structure has a building height of no more than twenty-five (25) feet, if constructed on a lot that does not comply with current lot area and/or lot frontage requirements, or a building height no greater than permitted by this Bylaw if constructed on a lot that complies with current lot area and/or lot frontage requirements.
- 4.5.3.2.3 Construction of an overhang, porch, portico, or similar decorative feature, which extends no further than four (4) additional feet into a required setback area, provided that the Board of Appeals makes a positive finding that the proposed design element is de minimis in nature and improves the aesthetic quality of the property.

FINDINGS

In consideration of all of the testimony and exhibits and documents submitted before the Board, the Board makes the following findings of fact:

1. The Petitioners propose to construct a covered portico on the front of the existing single family structure. Relief in the form of a Special Permit to build the porch less than 4' into the front setback was requested. Additionally, the Petitioners propose to raise the height of the home in the left side setback and relief in the form of a Special Permit was requested. The Board of Appeals is the Special Permit Granting Authority.
2. The lot area of the Subject Parcel is 1.07 acres where 40,000 SF is required.
3. The lot frontage of the Subject Parcel is 94' where 125' is required.
4. The portico as proposed would measure 15.1' by 17.1'. The existing front setback is currently 29.1' where 40' is required.
5. The proposed portico would further violate the front setback requirement by less than 4', with 27.8' provided where 40' is required.
6. The Board finds that the proposed construction in the front setback is de minimis in nature and constitutes an overhang, porch, portico, or similar decorative feature.
7. The current structure has a right side setback of 11.5' to the side lot line. The proposed second story addition would vertically extend this nonconformity.
8. The Board has given full consideration to the local conditions that affect and may be affected by the Petitioners' construction, and having particular expertise in said local conditions, have taken a view that any adverse effects of the Petitioners' construction will not outweigh its beneficial impact to the Town, or the neighborhood, in view of the particular characteristics of the site and the proposal in relation to that site.
9. The Petitioners have met all the requirements for a Special Permit pursuant to the Westwood Zoning Bylaw.

DECISION and CONDITIONS

The Board of Appeals voted unanimously to grant the Petitioner's request for a Special Permit pursuant to Sections 4.5.3.2.2 and 4.5.3.2.3 5 of the Westwood Zoning Bylaw and upon the following conditions:

1. The Project shall be constructed in conformity with the submitted plot plan plan consisting of one (1) page, prepared by D. O'Brien Land Surveying, 31 Hayward Street, Suite 3-G, Franklin, MA 02038, dated September 11, 2018 and revised on December 27, 2018 and stamped by Dennis B. O'Brien,

P.L.S., and with the submitted plans consisting of seven (7) pages, prepared by Leonard J. Staffa, Architect, 5 Stears Road, Milton, MA 02186. The Applicant shall pursue completion of the Project with reasonable diligence and continuity.

2. The memorandum provided to the Board by the Board of Health on February 27, 2019 shall be made part of this decision and approval shall be conditioned upon successful completion of the following:
 - a. The applicant shall use a waste hauler, licensed by the Westwood Board of Health to dispose of construction debris;
 - b. If necessary, the applicant shall provide a portable toilet, licensed by the Westwood Board of Health;
 - c. Interior/exterior renovations or demolition require an asbestos survey to be conducted in compliance with DEP Asbestos Regulations.
 - d. The applicant shall hire a pest control company to inspect the premises for rodents and/or wildlife and to exterminate if necessary; and shall provide a copy of the inspection report to the Health Department prior to demolition.
3. The memorandum provided to the Board by the Conservation Commission on January 29, 2019 shall be made part of this decision and approval shall be conditioned upon successful completion of any requirements imposed by the Conservation Commission in the course of its review of the Project.
4. This Special Permit shall not take effect until a copy of the Decision, bearing the certification of the Town Clerk that twenty (20) days have elapsed after the filing of the decision and either that no appeal has been filed or that an appeal has been filed within such time period, is recorded in the Registry of Deeds and indexed under the name of the property owner of record and the parcel address. A copy of these recordings shall be provided to the Building Commissioner, Town Clerk and the Board of Appeals.
5. **The person exercising rights under a duly appealed special permit does so at risk that a court will reverse the permit and any construction performed under the permit may be ordered to be undone.**
6. This Special Permit shall lapse within a specified period of time, of not more than two (2) years, which shall not include such time required to pursue or await the determination of the appeal referred to in Chapter 40A, Section 17, from the grant thereof, if a substantial use thereof has not sooner commenced except for good cause or, in the case of a permit for construction, if construction has not begun by such date except for good cause. Prior to the expiration of the Special Permit, the Applicant may apply for an extension of the Special Permit for a period not to exceed one (1) year if the substantial construction or use thereof has not commenced for good cause.

RECORD OF VOTE

The following members of the Board of Appeals voted to grant the Special Permit for the above mentioned project: David Krumsiek, Gregory Donovan, and David Belcher.

The following members of the Board of Appeals voted in opposition to the grant of the Special Permit: None.
