- ² The total square feet of floor space within a parking garage as an accessory use shall not be included in the calculation of Floor Area Ratio.

FINDINGS

In consideration of all of the testimony and exhibits and documents submitted before the Board, the Board makes the following findings of fact:

1. The Petitioner is proposing to build a detached garage on the premises of 418 Pond Street. The property presently contains a single family home that includes a private attached garage for two vehicles. Since this additional structure will have the ability to park and/or store two (2) motor vehicles in addition to the existing two car garage, the project will require a Special Permit pursuant to Section 4.3.3.2. The Board of Appeals is the Special Permit granting authority.
2. The property encompasses 1.15 acres. The proposed structure does not encroach on any setbacks.
3. The proposed garage will provide a total of two bays and an access door so that a total of four (4) vehicles may be stored on the premises.
4. The use of the vehicles will be consistent with that of a residential setting, for personal use by the occupants of the home.
5. Any adverse effects of the Petitioner's proposed construction will not outweigh its beneficial impact to the Town, or the neighborhood, in view of the particular characteristics of the site and the proposal in relation to that site.
6. The Petitioner's proposed construction will not have a material adverse effect on the value of the land and buildings in the neighborhood, or on the amenities thereof, or be detrimental to the normal use of the adjacent property, and it will not be injurious or dangerous to the public health or hazardous because of traffic congestion, or other reason, and any adverse effects of the proposed use do not outweigh its beneficial aspects, all in view of the particular characteristics of the site and of the proposal in relation to that site.
7. The Petitioner has met all the requirements for a Special Permit pursuant to the Westwood Zoning Bylaw.

DECISION and CONDITIONS

The Board of Appeals voted unanimously to grant the Petitioner's request for a Special Permit pursuant to Section 4.3.3.2 of the Westwood Zoning Bylaw and upon the following conditions:

1. The Project shall be constructed in conformity with the submitted site plan prepared by RIM Engineering Co. Inc., PO Box 32, Mansfield, MA 02048, dated

April 11, 2019 and stamped by Craig Cygwanowski, P.L.S., and the design plans consisting of five (5) pages, prepared by Hometown Structures, 627 Southampton Road, Westfield, MA 01085 dated April 16, 2019. The Applicant shall pursue completion of the Project with reasonable diligence and continuity.

2. Commercial equipment, including but not limited to snow plow and lawn mowing machinery, shall not be stored outside the proposed enclosure for a period of time to exceed 3 days.
3. The conditions requested by the Board of Health via email correspondence from the Health Director on May 20, 2019 shall be incorporated into this decision:
 - a. Petitioner must use a waste hauler to transport debris; and
 - b. Petitioner must use licensed vendors to provide portable restrooms during construction.
4. This Special Permit shall not take effect until a copy of the Decision, bearing the certification of the Town Clerk that twenty (20) days have elapsed after the filing of the decision and either that no appeal has been filed or that an appeal has been filed within such time period, is recorded in the Registry of Deeds and indexed under the name of the property owner of record and the parcel address. A copy of these recordings shall be provided to the Building Commissioner, Town Clerk and the Board of Appeals.
5. **The person exercising rights under a duly appealed special permit does so at risk that a court will reverse the permit and any construction performed under the permit may be ordered to be undone.**
6. This Special Permit shall lapse within a specified period of time, of not more than two (2) years, which shall not include such time required to pursue or await the determination of the appeal referred to in Chapter 40A, Section 17, from the grant thereof, if a substantial use thereof has not sooner commenced except for good cause or, in the case of a permit for construction, if construction has not begun by such date except for good cause. Prior to the expiration of the Special Permit, the Applicant may apply for an extension of the Special Permit for a period not to exceed one (1) year if the substantial construction or use thereof has not commenced for good cause.

RECORD OF VOTE

The following members of the Board of Appeals voted to grant the Special Permit for the above mentioned project: David Krumsiek, John Lally, and Douglas Stebbins.

The following members of the Board of Appeals voted in opposition to the grant of the Special Permit: None.
