August 7, 2020

To: University Ave. Business Owners and Local Residents

This letter serves as a notification for a scheduled temporary road closure of University Avenue between Harvard and Yale Streets. This closure is required for CSX Transportation to install a new railroad crossing on University Ave. **Please note, this is a complete road closure across all four lanes of University Avenue.**

The project is scheduled to begin on August 18th at 7:30 AM and end on August 20th at 8:00 PM, weather permitting. During this time, University Avenue will be temporarily closed between Harvard and Yale Street, for 24 hours per day.

We ask that you please follow the detour signage. Depending on the travel direction, traffic from the project limits will be directed towards Providence Highway or Route 128. During this temporary road closure, the best route for resident and business access to University Station or the MBTA Station would be from Route 128. A detour map is attached. Trucks will be required to comply with local town road truck restrictions that currently apply, and should seek alternate routes prior to the road closure.

Prior to the project start date, electronic message boards will be placed throughout town to alert travelers of the impending road closure. Traffic devices, such as signage and barrel markers, will be installed in the field the morning of the proposed closure. To ensure safety, the work/closure is being coordinated with Westwood Police and Fire departments.

Please feel free to contact me at 617-610-8906 or dpellegrini@neddevelopment.com if you require additional information.

Sincerely,

Dave Pellegrini
