

## **Fios® TV Programming Change**

### **Important programming information**

#### **Fios TV content update.**

We are negotiating with Hearst Television to reach a new agreement.

During a pandemic, and while millions of Americans are struggling, Hearst Television has demanded we pay increases of over 45%, so you can continue watching its channels. This is like the price of a loaf of bread going from \$2.50 to more than \$3.60 overnight.

We're working hard to come to a fair agreement with Hearst Television before our current agreement expires on December 31, 2020. We hope that Hearst Media will not remove its channel from our channel lineup.

For a full list of channels that may be affected, go to [\*\*verizon.com/hearst\*\*](https://www.verizon.com/hearst) to learn more.

Thanks for choosing Verizon.
