The Board of Appeals for the Town of Westwood held a Public Hearing according to the General Laws of the Commonwealth of Massachusetts on Wednesday March 9, 2023 at 7:00 P.M. via remote participation to consider the Petitioner's request for a special permit pursuant to the Westwood Zoning Bylaw Section §4.5.3.3 [Special Permit required for New or Expansion of Nonconformity]. The Petitioner proposes to construct a portico over the existing front entry stairs. The existing single-family residence is nonconforming as it violates the front setback at 25.3' with 40' required. The proposed portico would extend further into the front setback by 5.625'. The lot is nonconforming due to a lack of size at 17,157SF where 40,000SF is required. The property is located in the Single Residence C (SRC) zoning

APPLICABLE SECTIONS OF THE WESTWOOD ZONING BYLAW

4.5.3.3 Variance or Special Permit required for New or Expansion of Nonconformity.

In the event that the Building Commissioner determines that a proposed alteration to a nonconforming structure increases the nonconformity or results in a new nonconformity and does not meet the requirements of Section 4.5.3.1 nor of Section 4.5.3.2, the Building Commissioner shall determine whether any proposed additional or increased nonconformities will be substantially more detrimental to the neighborhood than those that currently exist. If in the opinion of the Building Commissioner, the proposal is more detrimental, a variance shall be required in accordance with Section 10.4 of this bylaw. If the Building Commissioner determines that the additional nonconformities are de minimus or are not substantially more detrimental to the neighborhood than a special permit shall be required. In addition, no nonconforming structure, commercial or residential, shall be altered to accommodate a substantially different use, or to accommodate the same use in a substantially different manner or to a substantially greater extent, unless a variance allowing said alteration is granted by the Board of Appeals.
