APPLICABLE SECTIONS OF THE WESTWOOD ZONING BYLAW

- 6.2.15 **Special Permit.** The Board of Appeals may grant a special permit for a sign that does not comply with sign area, height, or setback requirements set forth herein, or which exceeds the maximum number of signs permitted, provided that said sign is otherwise in compliance with all other provisions of this section, and provided further that the Board of Appeals makes the following findings:
- 6.2.15.1 Applicant has adequately demonstrated that compliance with the provisions of this Section will be an undue hardship.
 - 6.2.15.2 Sign scale is determined to be in reasonable relation to the scale of the building or structure and the sizes of signs on nearby structures.
 - 6.2.15.3 Sign size, shape and placement serves to define or enhance architectural

elements of the building or structure such as columns, sill lines and roof edges.

- 6.2.15.4 Sign design is harmonious with other signage on the same or adjacent structures and provides reasonable continuity in mounting location and height, proportions and materials.
- 6.2.15.5 Sign materials, colors, lettering style, illumination and form are reasonably compatible with building design, and surrounding neighborhood.
- 6.2.15.6 Sign size, location, design and illumination do not present a safety hazard to vehicular or pedestrian traffic.

FINDINGS

In consideration of all of the testimony and exhibits and documents submitted before the Board, the Board makes the following findings of fact:

1. The Subject Property is located at 745 High Street within the Local Business A (LBA) zoning district. The Petitioner proposes to add four window signs to the commercial establishment. The proposed signs exceed the maximum number in the Bylaw, thus requiring a Special Permit. The Board of Appeals is the Special Permit Granting Authority.
2. The Petitioner proposes to display four window signs, in addition to existing sign at the business. The proposal would result in five (5) signs at the establishment. The additional signs exceed the maximum number of two (2) allowed in the Bylaw.
3. The Petitioner's proposal will not have a material adverse effect on the value of the land and buildings in the neighborhood, or on the amenities thereof, or be detrimental to the normal use of the adjacent property, and it will not be injurious or dangerous to the public health or hazardous because of traffic congestion, or other reason, and any adverse effects of the proposed use do not outweigh its beneficial aspects, all in view of the particular characteristics of the site and of the proposal in relation to that site.
4. The Petitioner has met all the requirements for a Special Permit pursuant to the Westwood Zoning Bylaw.

DECISION and CONDITIONS

The Board of Appeals voted unanimously to grant the Petitioner's request for a Special Permit to add four (4) window signs pursuant to Sections § 6.2.15 of the Westwood Zoning Bylaw and upon the following conditions:

2. This Special Permit shall not take effect until a copy of the Decision, bearing the certification of the Town Clerk that twenty (20) days have elapsed after the filing of the decision and either that no appeal has been filed or that an appeal has been filed within such time period, is recorded in the Registry of

Deeds and indexed under the name of the property owner of record and the parties involved. These recordings shall be provided to the Building Commissioner, Town Clerk and the Board of Appeals.
