

# TOWN OF WESTWOOD COMMONWEALTH OF MASSACHUSETTS

## INVITATION FOR BIDS FY24 Sewer System Rehabilitation IFB # DPW-24-B-014 Addendum 02 December 4, 2023

### I. GENERAL INFORMATION

Addendum 02 provides answers to questions.

- Q7** Bid item 8a shows a quantity of 50 but I count 52 on the plan page. Please clarify which quantity is correct.
- A7** Bidders shall use the quantities provided in the Bid Form under the Base Bid and Bid Alternate A for LCR items 8a, 8b and 108.
- Q8** Bid item 8c is for extending the lateral liner beyond 2'. How will the Contractor know which lateral(s) may be extended beyond 2'?
- A8** Item 8c shall be used for payment in the event that a lateral liner is required to extend beyond 2-linear feet, as determined by the Engineer, on any LCR installed.
- Q9** The general notes state no more than one work crew will be allowed on site at any time. This is not reasonable and will not permit the Contractor to complete the work in a timely fashion. Can the Contractor be allowed to have more than one crew on site at any time?
- A9** Bidders shall plan for one crew only at any time so the Town may maintain visual observation and good documentation of the work progress. Requests from the Contractor to add an additional crew may be discussed during the preconstruction meeting.
