

A pool party rental runs two hours. Pool parties are booked based on pool and staff availability. The swim time happens first, followed by use of the Pool Lobby. (cake / presents). Your 2-hour time block would include your set up, break down, cleaning and exiting the building.

The cost for use of the facility (pool area and pool lobby), including two lifeguards (max of 40 people swimming), is \$275. The lifeguards do not run games or activities. They are not responsible for any clean up.

You would have use of diving blocks, boards, toys and noodles. (at the lifeguard's discretion). All pool rules apply. There are no inflatables allowed in the pool. (this includes any arm floaties, puddle jumpers and lifejackets)

Please note that the docks are not available for use in the pool.

All children will be required to take a swimming competency test.

1. Step or jump into the water over your head. (at the 12 ft section of the pool)
2. Return to the surface and float or tread water for one minute.
3. Turn around in a full circle and find an exit.
4. Swim 25 yards to the exit.
5. Exit from the water. If in a pool, be able to exit without using the ladder.

Anyone who passes this test will be allowed to swim in all areas of the pool. For those who do not pass, they will have to remain in the shallow end of the pool, and have an adult present in the water with them (they cannot just be sitting on the side). There must be an adult present for each child that does not pass, we do not allow one adult in the area for multiple kids who did not pass. The shallow end will be marked off at the black line (5 ft) section of the pool. There are no exceptions to this rule, and is strictly enforced.
