CONSERVATION COMMISSION

Time Requirement Waiver

Dear Applicant,

Article 18 authorizes the Conservation Commission to seek independent review of projects when deemed appropriate.

The account will be closed within 30 days of the issuance of a Certificate of Compliance. All remaining funds shall be returned with interest and an itemized invoice of all charges to the account. Accompanying the funds will be an itemized list of charges to the account for services provided. At that time a 10% service charge will be levied on the total expenditures from the account.

This allows for continued use of consultant for appeals if required.
