

How do YOU envision Islington?

Westwood's Department of Community and Economic Development invites you to participate in a creative visioning session. This will be a collaborative design and planning workshop where all community members are invited to share ideas and consider possibilities for the redevelopment of this prominent village center.

Join us for an open conversation and citizen planning effort to consider the future of Islington Center. Share your thoughts on business development, transportation, open space, architecture, housing, cultural resources, pedestrian activity, and streetscape design.
