## **PROJECT SUMMARY:**

O.P.D.V Trust is requesting a special permit to construct a shared driveway off of Summer Street to serve two single-family residential lots, each approximately two (2) acres in area. These lots are part of a larger development which includes a total of nine (9) new residential building lots and one lot with an existing estate residence. The development parcel is approximately thirty-six (36) acres in size and is located at the northeasterly corner of Summer Street and Grove Street. The Approval Not Required (ANR) plan creating the lots was endorsed by the Planning Board in 2005.

The shared driveway is proposed to be constructed through Lot 126 to serve Lots 126 and 127. The actual shared portion of the driveway will have an approximately thirty (30)-foot layout, consisting of an eighteen (18)-foot pavement width and three (3)-foot grass shoulders on each side. The shared portion of the driveway will be forty-five (45) feet in length. The curb radius on the northerly and southerly side of the driveway will be twenty (20) and thirty (30) feet, respectively, as required by the Westwood Fire Chief.

In addition to this application, the Applicant has also submitted a Scenic Roads application to remove trees with a trunk diameter of four (4) inches or more (as measured one (1) foot above grade) within the public right-of-way of Summer Street. A separate Shared Driveway special permit application and Scenic Roads application have also been submitted to serve three lots within the development site located on Grove Street.

#### PROCEDURAL FINDINGS:

- On August 30, 2006, an application was filed by O.P.D.V. Trust, Christopher M. Noble, Trustee pursuant to Section 6.1.26 [Shared Driveways] of the Westwood Zoning Bylaw. The Planning Board is the Special Permit Granting Authority under this Section.
- 2. The Property subject to the application is located in the Single Residence E zoning district. A shared driveway is allowed in this zoning district subject to the grant of a special permit.
- 3. A public hearing was held in accordance with the General Laws of the Commonwealth of Massachusetts in the Champagne Meeting Room, 50 Carby Street, Westwood, Massachusetts on October 24, 2006 and December 19, 2006 at which time the Planning Board closed the public hearing at the end of this hearing. All statutory requirements for

notice of the public hearing have been complied with pursuant to M.G.L. Chapter 40A § 11. Planning Board members Robert C. Malster, Bruce H. Montgomery, Robert E. Moore, Jr., Steven H. Olanoff and George A. Nedder were present for all public hearings.

#### **PROJECT FINDINGS:**

The Town of Westwood Planning Board makes the following findings with respect to the abovementioned Application:

- 1. The use of a shared driveway will eliminate the need for two separate driveways openings along an area of Summer Street with a more limited sight distance, and thus have a greater beneficial impact on safety than the individual driveway alternative.
- 2. The use of a shared driveway will allow for significantly less removal of the mature trees and wooded area along Summer Street than would be required to construct individual driveways, and thus is a more environmentally sensitive design.
- 3. The design, location and construction standards of the shared driveway will have minimal negative impact on the historical and aesthetic character of Summer Street.
- 4. The design and construction standards of the shared driveway will provide adequate access and turnaround area for emergency response vehicles and non-emergency municipal vehicles.
- 5. Based on the above Findings, the use of a shared driveway will result in a better overall project design than the construction and use of separate driveways.
- 6. The Maintenance Agreement submitted as part of the Application will adequately provide for the long-term maintenance of the shared driveway.
- 7. The shared driveway does not circumvent the intent of M.G.L. Chapter 40, the Subdivision Control Law.

#### **DECISION:**

The Planning Board has evaluated the application in relation to the above findings and as the Special Permit Granting Authority, the Board, by a vote of five in favor and none in opposition, finds that the adverse effects of the proposed shared driveway as described above and in the Application therefor August 30, 2006 and subsequent revisions, and the following related submissions (hereinafter referred to as the "Project Plans") filed with the Planning Board by or on behalf of O.P.D.V. Trust, Christopher M. Noble, Trustee will not outweigh its beneficial impacts to the Town or the neighborhood, in view of the particular characteristics of the site, and of the proposal in relation to the site and votes to **approve** said Application, subject to the conditions stated herein:

If the Special Permit has been approved by reason of the failure of the Special Permit Granting Authority to act within the time prescribed, a copy of the Application for the Special Permit accompanied by the certification of the Town Clerk stating the fact that the Special Permit Granting Authority failed to act within the time prescribed, and whether or not an appeal has been filed within that time, and that the grant of the Application resulting from the failure to act has become final, is recorded in the Norfolk County Registry of Deeds and indexed under the name of the property owner of record and parcel address.

Prior to the expiration of the Special Permit, the Applicant may apply for an extension of the Special Permit for a period not to exceed one (1) year if the substantial construction or use thereof has not commenced for good cause.
